### OBTAIN A METER READ

There are three ways to check the counts:

1. Double Click the home button on the control panel; the numbers will display on the screen so that you can write them down.
2. Click the Total Count button on the home screen; the numbers will display on the screen so that you can write them down.
3. Enter the IP address into your web browser; select {Status}; Press {Total Count}; this page can be printed.
